CADDY

BISLEY

Helping you work better anywhere

MOBILE, SECURE AND MULTIFUNCTIONAL – THE CADDY IS STORAGE FOR THE INDIVIDUAL AT ITS BEST.

The Caddy by Bisley is flexible and multifunctional and is personal storage at its best. Mounted on castors, means it doesn't have to live under the same desk, it can be taken to wherever it is needed most, using the 360 drag handle. Both functional and versatile, the Caddy is not only secure individual stowage, but with the addition of a seat pad, it's an ideal perch place for impromptu

collaboration. With a large choice of colours, finishes and fabrics available, the Caddy is an attractive and flexible addition to any workspace.

Their natural habitat may be under a desk, but Caddies perform throughout the workplace; they are especially good in break-out or training areas and can subtly divide open spaces.

POSSIBILITIES

With a broad range of options, you can either choose a classic palette of whites, greys or blacks with sophisticated wooden tops which will fit safely into any design scheme; or you could be bold. The Caddy is available in over 20 colours and there are 60 seat pad fabrics to choose from. Why not express your brand or team personality with some vivid hues and use Caddies to add cost-effective colour statement to your office?

PRODUCT BENEFITS

- **Mobile** – The all-surface castors and ergonomic drag handle means the Caddy is easy and safe to move, the two braked wheels ensure it stays in place
- **Secure** – Lockable drawers for secure storage of office and personal items
- **Customisable** – Available in either a left-hand or a right-hand configuration with an easily adjustable shelf as standard
- **Perch point** – Add a seat pad to your Caddy to create a perch point for impromptu catch-ups or collaboration
- **Colourful** – With a broad range of colours, fabrics and wood available, the Caddy provides an attractive and colourful addition to the workplace
