- 1.3 side filers

tried and tested

Practical and robust, Bisley manufactured filing cabinets are still the best solution to straight forward filing requirements.

All drawers are mounted on high-durability slides which provide ultra-smooth action and full extension for access to the whole drawer. All cabinets feature integrated drawer interlocks and are rigorously tested to BS4875 Pt7: Strength & Stability of Furniture.

BS filing & double filer cabinets

Bisley filing cabinets are built to last featuring a one-piece carcass, fully welded construction and double skin drawer fronts. Drawers are mounted on roller bearing slides with a positive closing device, providing ultra-smooth action and full extension for access to the whole drawer. The range includes five, four, three and two drawer versions for foolscap or A4 filing.

Bisley Double Filers offer a large capacity cabinet able to accommodate two rows of forward facing suspension files per drawer. Double Filers are suitable for A4 or American letter format and are available as three or four drawer models.

Easy to use PC templates allow computer printed labels.

AOC & CC contract filing cabinets

The Bisley 'AOC' filing cabinet represents great value for office storage. Backed by Bisley's strength in manufacturing, features such as 100% drawer extension, smooth resistance-free slides and anti-tilt operation deliver quality and reliability.

Strong, attractive and safe, the 'CC' filing cabinets are the ideal choice for any office. Heavily supported by office products wholesalers, the CC filing cabinet is the cornerstone of the Bisley 'fast track' range of affordable 'storage essentials' available in fast track colours on quick delivery.

side filers

Bisley side filers are ideal where floor space is limited. The range incorporates all the design features of standard filing cabinets but with 30% greater capacity. The drawers, each supported by heavy duty slides enable 100% extension and accommodate one row of foolscap suspension files facing sideways or two rows of A4 files facing forwards.

Easy to use PC templates allow computer printed labels.

home multidrawers & insert trays

With a smaller footprint than standard multidrawers, lower heights and simpler configurations, the Home Multidrawers provide even better value storage. 6 units in total, the Home Multidrawers represent the most popular configurations from the 12, 29 and 39 Series.

Plastic insert trays can be fitted to all Bisley multidrawer units. Multiple height versions are available to match drawer heights.

f-series & media storage cabinets

F Series filing cabinets provide complete flexibility for storing both A4 and Foolscap suspension files. 2 filing-drawers, 6 personal-drawers, 1 filing and 3 personal-drawer versions are available.

Bisley media storage cabinets are specifically designed to store CDs, DVDs and videos. Each drawer can be divided into three rows to accommodate up to 120 CDs, 54 DVDs or 26 videos.

All drawers are fitted with anti-tilt safety devices and ball bearing slides for smooth opening. The design also enables the plinth to be replaced with either castors or adjustable height levellers.

- 3.2 card index cabinets

divided to conquer

Bisley's specialist document storage range is designed for maximum versatility and capacity across a range of media sizes; specific product variants provide practical and logical filing from A7 to A0.

A0 & A1 plan files

The renowned Bisley Plan File is still a common sight in design offices and studios across Europe and even though fewer large format documents are stored in this way, there is still a requirement for protected, practical storage of drawings, plans, samples and collections. Bisley plan files are available in five or ten drawer units and either A0 or A1 size; intermediate five drawer sections are also available to further increase capacity.

A0 plan files

card filing & card index cabinets

The Bisley range of card filing cabinets can accommodate up to 4600 cards per drawer but is also suitable for archive media storage such as CDs, DVDs and videos. Each drawer can be subdivided for efficient filing, features a positive closing device and is mounted on ball bearing rollers for smooth operation even when fully loaded.

Small and compact, card index cabinets are a cost-effective method of storing card-based information immediately to hand. Robust and secure single and double versions are available for 5"x3", 6"x4" and 8"x5" cards.

vertical spaces sorted

Bisley tambour and two door cupboards enable maximum vertical space utilisation and offer a selection of cabinet heights to suit media and location. Bisley make it easy to plan storage to the needs of a particular application; a comprehensive range of internal fittings is available for the filing and storage requirements of every office.

two door & open front cupboards

The ubiquitous, all purpose Bisley cupboard is available both fully assembled or in flat-pack screwdriver-assembly form for those out-of-the-way corners of the building. Available in four heights to suit location and storage requirements, a range of cupboard fittings is available including 'pigeon holes' and 'wardrobe packs'.

3. plain shelf
4. pigeon holes

stationery cupboards

Bisley stationery cupboards are designed for maximum storage capacity but are economical on space. In recognition of the fact that multiple different office items need to be stored behind closed doors, stationery cupboards do not accommodate suspension filing frames but provide a space efficient solution to most on shelf filing requirements and undershelf lateral filing. Bisley stationery cupboards are part of the Bisley 'fast track' range of affordable 'storage essentials' available on quick delivery.

These cupboards are designed to accommodate a dual purpose shelf / with undershelf filing (330mm centre). ref **E198P1:33**

Colours: stationery cupboards are finished in textured colours: goose grey, light grey, black & coffee/cream duo.

Measurements in millimetres (approx. inches)

- supplied complete with dual purpose shelves
- three-point locking mechanism for security
- unobtrusive integrated handle
- hard wearing textured paint finish

1. dual purpose shelf
2. smaller footprint
3. mastered lock, 200 differs
4. fast track colour palette

side opening tambour cupboards

Bisley's range of versatile Side Opening Tambour Cupboards has been designed to maximise storage capacity and make the most of valuable office space; because tambour doors retract into the cupboard side, they use up less space.

A comprehensive range of internal fittings enables efficient storage for every application.

* Modules refer to modular capacity. (1 module = 23mm) * Allow for items to be stored on or in the internal fitment. All roll-out fitments include an interlock system for safety.
Measurements in millimetres (approx. inches)
Fitments supplied in grey only

safety warning

Roll out fitments must only be fitted in the bottom half of any Bisley Storage unit.

With the exception of the 87 high Tambour units where no more than 3 roll outs are recommended.

For your Safety ensure that:

1. Storage cupboards are positioned on a level floor surface.
2. All roll-out accessories are fitted in the lower half of the unit.
3. If more than one roll-out is used, the supplied interlock should be fitted.
4. No roll-out fitments are stood or leaned on.
5. All fitments are installed from the base upwards.

Consult your Bisley Dealer if in any doubt.

- approved to BS EN 14073: pts 2+3 & BS EN 14074
- using CST78 and side access media more than 5 linear metres of storage is available
- ideal for roll-out storage using filing frames

1. shelf
2. lateral rail
3. roll-out frame
4. available in textured goose grey with light grey tambours or coffee with cream tambours

A4 eurotambours

Designed specifically to a European format, Eurotambours provide optimum filing capacity for A4 size media. An expansive range of cabinet sizes and internal fittings enables efficient storage for selected filing applications.

Measurements in millimetres (approx. inches)

An extender offer is now available, please speak to your Bisley representative regarding other options

- available in light grey only
- quick and easy to assemble – only one screw
- 90kg load capacity per shelf
- extra bracing is only required every other shelving bay

1. move or add extra shelves easily
2. extend side to side and back to back
3. designed to SEMA & FEM code of practice
4. 400mm deep dual purpose shelf

- 5.1 bite®
- 5.2 towers
- 5.3 note pedestals
- 5.4 wave pedestals

desk bound

Bisley has developed a comprehensive range of desk storage to be incorporated with any desk product. Carcasses are precision engineered from one piece steel wraps with no visible seams and offer exceptional strength characteristics.

Bite® is a mobile storage unit that wraps around bench desking and workstations, providing not only capacious multi-functional storage, but also creating a sense of personal space within the open plan working environment.

A multitude of features include an upper cantilevered secure compartment, a letter box for receiving mail and a lid which opens up to create a mini-screen that can be specified with a bulletin board or whiteboard. The upper and lower elements bridge the worksurface, providing space-efficient and ergonomically-sound storage immediately to hand.

European Community Design Registration No. 000871066-0002
 International Patent Application No. PCT/GB2009/000076
 The whiteboards and pin-able boards are interchangeable after delivery
 The lids are changeable from left handed to right handed and vice versa
 Measurements in millimetres (approx. inches)

- creating personal space in the open plan office
- capacious multifunctional storage
- castors, locking in front
- space-efficient and ergonomically sound design

1. postal slot and business card holder
2. reversible soft closing lid
3. bulletin board or whiteboard
4. medium drawer

towers

Bisley Pedestal Towers is a range of integrating desk storage elements designed around the concept that personal storage cannot be pre-defined and what people store on-and-around their desk changes with every desk. Bisley address this need, but also recognise the need for formality and tidiness.

Available in different heights and configurations, 'Towers' provides adaptable spaces for filing, desk accessories, storage of personal items and the ability to quickly 'lock up the laptop' or maintain a clean desk.

- optional work surfaces, tool ladders and fabric pin boards
- free storage for personal items

1. topbox
2. configurable with matching work surface
3. pinable screen
4. screen compatible tool ladder

note pedestals

The clean line of the Bisley Note pedestal is a significant pointer to the compelling, practical design of this Bisley pedestal range. The 'one-piece wrap' and welded carcass is embedded with our newest assembly technology and the neutral, rectilinear aesthetic takes its cues from the latest furniture styles. The Note pedestal compliments a wide range of personal and shared desking solutions.

Two carcass widths provided for forward-facing A4 suspension file storage or 'narrow footprint' side facing suspension filing. 5th castors or counterbalances are included automatically with mobile pedestals.

note pedestal

DIP drop-in pen tray (A4) can be ordered separately

1** 6mm over-sailing decorative steel top (add 6mm to overall height)

** To add a 'steel top' to any note pedestal, replace '7' with '1' in code (adds 6mm to pedestal height)

e.g. NWA59M1SF mobile pedestal as above with added 6mm decorative steel top

Measurements in millimetres (approx. inches)

- 5 year Bisley guarantee
- robust, 'vertical wrap', welded steel carcase
- tested to BS EN 14073: Part 3
- drawer interlock – only single drawer opening at a time

1. Optional 6mm decorative steel top
2. 100% extension file drawers
3. optional drop-in pen tray
4. 5th castor for stability on all filing drawers

wave pedestals

Stylish and strong, Wave is a completely new range of Bisley pedestals featuring all the popular pedestal variants. Soft, sculptured lines and a distinctive integrated handle provide a flowing aesthetic specifically designed to complement modern desking applications... but the appeal of Wave pedestals goes deeper; innovative drawer front design hides a fail-safe drawer interlock and embedded drawer alignment for easy operation, whilst the latest manufacturing technology delivers a robust carcass.

Two carcass widths provide for forward-facing A4 suspension file storage or 'narrow footprint' side facing suspension filing. Skids or counterbalances are included automatically with mobile pedestals.

3. optional drop-in pen tray
4. file drawer 'skid' for stability

- 6.1 systemfile combination units
- 6.2 systemfile tambour cupboards
- 6.2 systemfile two door cupboards
- 6.3 systemfile - combination (individually locking)
- 6.3 systemfile - interior components
- 6.4 systemfile - internal specifications
- 6.4 systemfile - vertical capacities
- 6.5 InnerSpace

solutions found

Multiple storage solutions exist within a single range; Bisley have developed both cabinets and mobile shelving that offer huge flexibility in terms of widths, heights (and depths in the case of InnerSpace), which together with clever use of internals means that powerful solutions can be provided without complexity.

Sympathetic design and precision manufacture ensure a high quality product and an impressive office environment.

systemfile - combination unit

Bisley SystemFile is an attractive high density storage solution. A comprehensive cabinet range with multiple height, width & closure options. Combinations of drawers, flippers, cupboard or tambour doors with a wide range of internal fittings, make SystemFile extremely versatile.

** Pigeon hole set contains: 5 plastic dividers, 8 plastic intermediate shelves and 4 plastic back plates (slotted shelf not included)

systemfile - internal specification & capacities

SystemFile tambour and 2 door cupboards can be specified to meet your exact needs. The comprehensive choice of internal fittings means that SystemFile is particularly suited to general storage and filing solutions.

SystemFile is available with an extensive range of internal fittings for Tambours and 2-Door cupboards.

The tables illustrate the modular capacity of 2-Door Cupboards, Tambours, and internal fittings. Modular capacity refers to the total internal space available for storage where 1 module = 19mm.

All internals are supplied in black.

modular capacities for tambours and two door cupboards

tambour	2 door cupboards	height	tambours	cupboards
SYT**/6	SYD**/6	1947 - 1971	97	98
SYT**/54	SYD**/54	1793 - 1817	89	90
SYT**/50	SYD**/50	1643 - 1667	81	81
SYT**/43	SYD**/43	1415 - 1439	69	69
SYT**/4	SYD**/4	1301 - 1325	63	64

SYT**/2	SYD**/2	693 - 717	31	32

** For all widths

modular requirements for tambours and two door cupboards

internals	modules
shelves	2
slotted shelves & dividers	2 + 8
new slotted shelves with pigeon hole set	17
shelf & undershelf filing	16
lateral rails	16
roll-out filing frame	-
roll-out drawer	-
roll-out shelf	-

A. lateral rails

Lateral rails and shelves with undershelf filing with lateral files up to 275mm require 16 modules.

B. roll-out filing frames

Roll-out filing frames with suspension files up to 245mm require 15 modules.

C. shelving

Make sure you allow enough space for the height of the tallest item to be stored on the shelf.

C = height of item to be stored. To calculate modules divide C by 19mm and round-up.

Please see page 70 for dimensions of soft storage products, these may differ between manufacturers

InnerSpace

Bisley InnerSpace is a high-density storage system designed specifically for the front office, releasing space where it's needed most.

Easy to specify, easy to install and easy to reconfigure, InnerSpace enables users to gain maximum storage capacity in the minimum floor space.

InnerSpace is available in either a "Deck" (sits on top of existing floor) or "Access" (incorporated in a raised access floor system) version.

Static shelving

100% increase in storage capacity

50% decrease in space required

InnerSpace

Bay widths: 800, 1000, 1200mm

Max no. bays: 6

Max unit length: No. bays x bay-width + 140mm front ramp + 30mm back edging

Bay depth (approx. shelf depth): Single - 300, 360, 400 & 440mm. Double - 600, 720, 800 & 880mm

Frame height: 1107, 1827, 2187mm

Unit height: Frame height + 85mm (base) + 38mm track/floor + up to 35mm floor adjustment

Shelf loading: 38kg

Max bay loading: 500kg

single depths

double depths

- increase storage capacity up to 100%
- create the same storage capacity in 50% less floor space
- release valuable space for other office use
- accommodates roll-out filing frames, media drawers and reference shelves

1. vertical media on 300mm shelf
2. horizontal media on dual purpose 360mm shelf
3. designed to SEMA & FEM code of practice
4. clean, quiet, ergonomic drive mechanism

Guarantees & Service

All Bisley products are guaranteed to cover all defects in materials and workmanship. For details of specific guarantee periods against each product check for up to date information on our website www.bisley.com

Conditions

1. The guarantee is only valid with the customer's original invoice or proof of purchase (indicating the date of purchase, product type and dealer's name).
2. The guarantee does not cover damage resulting from misuse, neglect, or accidents and applies when the product is used during normal office hours. Where the product is used for periods which exceed normal office hours the guarantee is valid for eighteen months. (maximum 45 hours per week)
3. Failure due to fair wear and tear is specifically excluded.
4. This guarantee is not transferable and can only be exercised by the original purchaser and is only applicable to the UK Mainland.
5. Please arrange for the product to be returned to your Dealer for repair unless otherwise agreed.

The following notes for your (Dealer) guidance will be helpful:-

1. Please ensure your customer has proof of purchase, this will be required for in-guarantee repair.
2. If the furniture requires in-guarantee repair contact Bisley Customer Services and ask for a Service Request Form.
3. Should the furniture require repair out of guarantee contact Bisley Customer Services for a Repair Request Form.

Repair Service (dealer advice)

Bisley Office Furniture is able to offer a Repair Service for products requiring out of guarantee maintenance or repair. If you require the Repair Service please call Bisley Customer Services for a quotation.

Replacement Keys

To order replacement keys please contact:

Lowe and Fletcher - 0121 505 0400, with details of your product type, key series no. (available from Bisley Sales Office) purchase date and key/lock number.

Minimum Order value to dealer site

UK Mainland : £250

Northern Ireland and Scottish Highlands : £1500

Direct Delivery to end user site – UK mainland

FOC delivery for orders over £2500 in normal working hours (7am-5pm) Monday to Friday on 45 foot articulated vehicle.

Any requirements outside above times and vehicle size are subject to separate quotation – please contact Customer Service team to discuss your needs.

Order cancellation / delivery deferment

Any request to cancel an order placed to be made in writing. Cancellation costs will be advised based on following:

1. Product not scheduled for production: No charge
2. Standard product scheduled for assembly: quoted price less 50%
3. Special product scheduled for production and all product made awaiting despatch : quoted price

Any request to defer delivery from original request to be made in writing. Costs may be incurred and will be advised at time of enquiry.

Conditions of Sale

1. The ownership of the goods will only be transferred to the purchaser when the purchaser has paid all that is owing to F. C. Brown (Steel Equipment) Ltd in respect of all goods supplied. Where goods are lost, damaged or destroyed after delivery and ownership has yet to pass the purchaser will indemnify F. C. Brown (Steel Equipment) Ltd against any loss incurred provided such loss, damage or destruction does not result from the negligence of F. C. Brown (Steel Equipment) Ltd.
2. Payment Terms: Nett monthly.
3. All goods are invoiced at prices ruling at date of despatch.
4. This price list cancels and replaces all previous price lists.
5. We reserve the right to alter models and prices without prior notice.
6. We reserve the right to offset any amount that may be due to the purchaser against their sales ledger account with F.C. Brown (Steel Equipment) Ltd.

Bisley guarantee

The Bisley guarantee covers all defects in materials and workmanship; lengths of guarantee vary.

In accordance with our policy of continuous product development and improvement, we reserve the right to change the specifications of products illustrated and described in the brochure without prior notice.
