

Glide™ – smooth operator

Glide™ demonstrates Bisley's qualities of innovation and peerless attention to detail, which includes:

- Full alignment with our ever-popular LateralFile and SystemFile programmes
- An unbroken powder-coated exterior, including one-piece steel tops on wider units
- Optional perforated and foam-filled doors for effective acoustic damping
- Soft stops and anti-rebound mouldings, subtly incorporated within the door tracks

Glide™

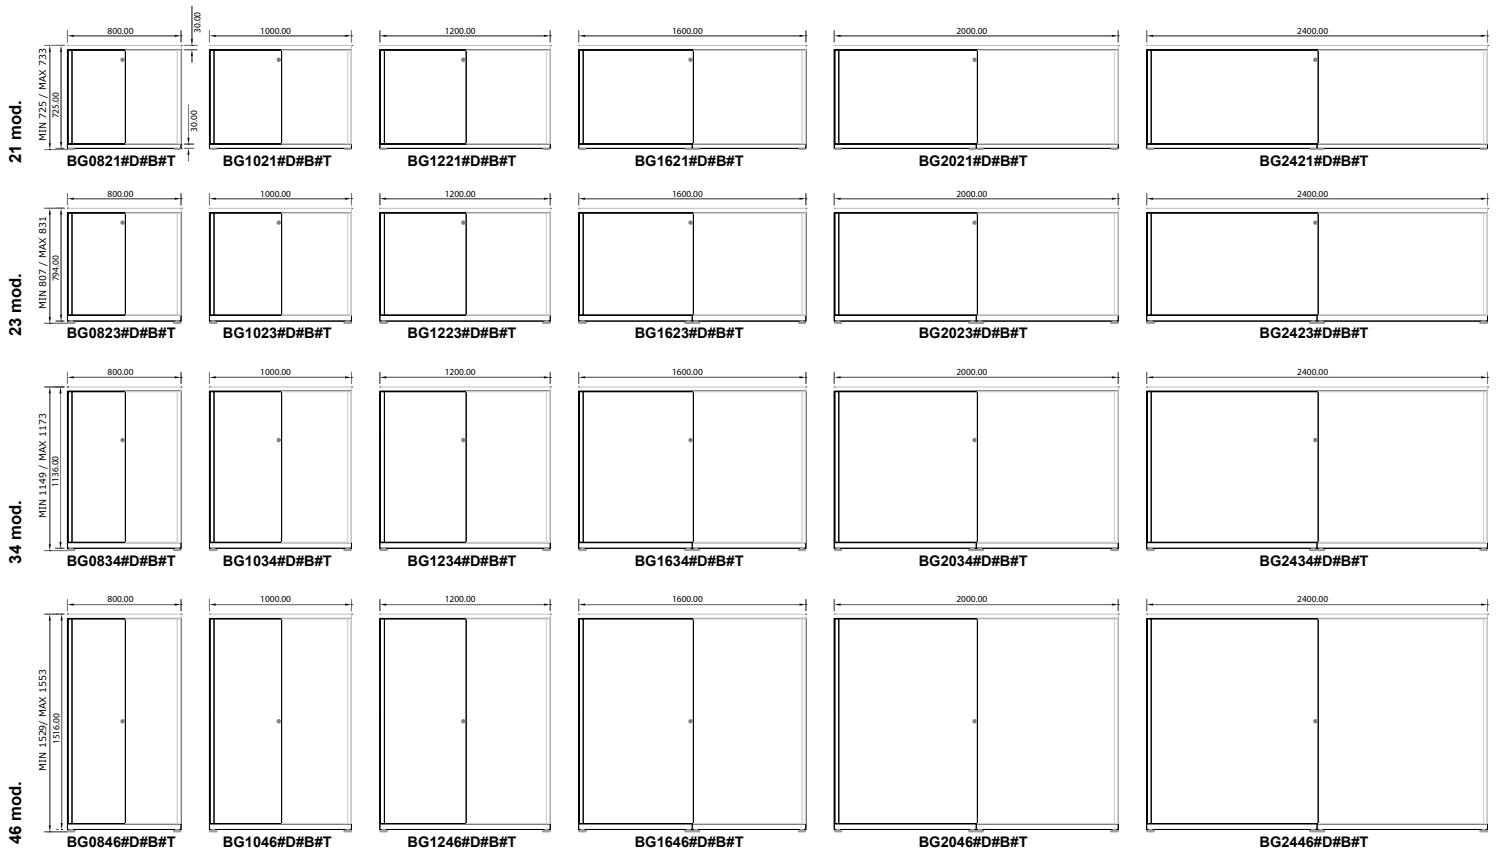

Specialist OEM customers with the facility to machine timber composite panels may avail themselves of the option to provide their own doors/handles, backs, tops and end claddings, thereby integrating the product into their furniture offer. A comprehensive range of internal fittings ensures maximum flexibility and re-configurability.

Glide™ also aligns perfectly in depth height and colour choice with the popular Bisley LateralFile™ and SytemFile™ storage programmes, ensuring total consistency across ranges and a unified workplace aesthetic.

The comprehensive Glide™ range comprise 4 heights and 6 widths which, together with the numerous variations described above, provides a total choice in excess of 15,000 variants, making sure that it suits your style and addresses your every storage need.

Range statement

Technical Information

Product Group:	37
Made at:	Newport
Finishes:	Powder paint
Guarantee:	TBC
Slide type:	TBC
Lock info:	500 differs (with 500 extra on request from 1st Aug 2011)
